

# Summer Study Skills

Devon Prep Class of 2029

# What's the purpose?

## Purpose

Prepare 9th grade students for the rigor of high school

## Goal

Provide students with skills and strategies to be proactive learners

# Students will...

- be introduced to various study skills and executive functioning strategies to apply their knowledge to their summer assignments.
- learn strategies for effective note-taking and textbook utilization while having the opportunity to participate in real lectures with Devon's teachers.
- develop an understanding of their strengths and challenges and learn how to be proactive students and learners.

# Instructional Goals

## Study Skills

```
graph TD; A[Study Skills] --> B[English]; A --> C[History]; A --> D[Math]; A --> E[Science]; B --> B1[Students will learn strategies to read and respond to various academic texts.]; C --> C1[Students will learn how to take effective notes within a history lecture]; D --> D1[Students will receive support with their math summer work.]; E --> E1[Students will review the Scientific Process and Learn to Write a Formal Lab Report];
